

GulfSouth Soccer Club

Communicable Diseases Waiver

Thank you for your continued trust in our club. As with the transmission of any communicable disease like a cold or the flu, you may be exposed to COVID-19, also known as "Coronavirus," at any time or in any place. Be assured that we follow local, state and federal regulations. "Social Distancing" nationwide has shown to reduce the transmission of infectious diseases. Although we will take measures to provide social distancing within our club, due to soccer being a contact sport, it is not always possible to maintain social distancing between the players, and the coaches.

Despite our efforts to minimize risk, there is still a chance that you could be exposed to an illness while participating in any GulfSouth activity, just as you might be at your gym, grocery store, or favorite restaurant.

I assume and accept the risk that my child may inadvertently be exposed to a communicable disease, and consent to join GulfSouth Soccer Club activities.
